A freehand sketchbook offers a tactile experience that engages multiple senses. The texture of the paper, the sound of the pencil gliding across the page, and the subtle resistance of the surface all contributing to the creative mood of the designer. This is what we at Unmade Copenhagen have tried to create. A collection filled handprinted scarves – a must-have accessory – that can be worn in many different ways next to cool resses, soft hand braided leather bags and quilted, soft cotton bags perfect for a short getaway or for the holiday season. The colors of the collection reflects at true summer feeling. Deep blue, strong red, sun yellow, and soft shades of blue collide in a symphony of hues. From serene blues that mirror the depths of the ocean, the color of calm and serenity, to fiery reds that reflect passion and strength. The deep sun yellow is the color of laughter and sunny days, exuding warmth, and positivity. This collection celebrates the power of color and styling offering you the opportunity to put together your own personalized look and make it something special.

This collection is more than just a collection of accessories and garments. It is a gateway to creativity and a source of inspiration. It encourages you to embrace spontaneity, to take risks, and to find your unique artistic voice. We celebrate the artist within us all, inviting a playful exploration of colors that embody emotions, stories, and dreams.

Use our interactive table of contents and find what you are looking for.
